

Sunzip™ Performance Zippers

#10 SunZip™ Separating (Open-End) Insert with Double Pull Auto-Lock Slider

- The ultimate quality zipper to ensure the longevity of your boat. Designed for boat covers and other marine applications that must survive the harsh conditions of the sun and sea. Also a great choice for large awnings and tents.
- SunZip™ is made with Sunbrella® zipper tape which is UV & fade resistant, mold & mildew resistant, and bleach cleanable.
- Our zipper teeth are made with UV resistant resin. Auto-lock sliders are available as single pull or double pull. And for the most extreme applications, we offer a stainless steel single pull auto-lock slider.
